Frequently Asked Questions (FAQs)

1. Once I apply, how long does it take to get approval for childcare hours?

As soon as we receive your application, we will contact your social worker/patient navigator to confirm that the information you gave us is correct and comprehensive. Once we receive confirmation, our board will vote to approve your application. This entire process generally takes 36 to 48 hours.

2. How many hours of free childcare do I receive?

Upon approval of your application, you will receive 8 hours of charitable childcare per week to be used over the course of 3 months.

3. What if I need more than 8 hours of childcare per week?

We understand that no cancer treatment protocol is the same and that emergencies arise. To that end, we are prepared to grant permission to use more than 8 hours per week under special circumstances. Please contact us for more information.

4. How do I schedule my childcare?

Upon approval, we will contact our nanny agency and inform them that you are approved for 3 months of childcare. You will receive an email confirmation that gives instructions on how to proceed in scheduling your care.
